

Application Form

Important Notes and Disclaimers

Litigation Insurance

Supporting Documents Required

Please note that together with the completed and signed version of this application form, we will require certain supporting documents to be provided in order for us to assess the case and approach litigation insurers, with a view to securing terms.

A checklist of suggested supporting documentation can be found at Section 8 below. Please note that we cannot accept any application for litigation insurance without a completed case summary; please contact us should you require a copy of our case summary template.

Eligibility Criteria/Application Fees

We are not able to accept insurance applications in the following scenarios:

- Applications relating to Commercial litigation requiring a limit of cover of less than \$50,000;
- Applications relating to Clinical Negligence litigation requiring a limit of cover less than \$50,000; and
- Applications relating to Personal Injury litigation requiring a limit of cover less than \$250,000.

We reserve the right to charge an application fee in relation to your case.

In most cases, we are able to progress the application without charging an application fee. Application fees are typically only payable where a direct approach has been made to funders/insurers or another broker, or where our team believe the chances of securing funding or insurance are less than 50%. This would typically be because of the prospects of success as assessed by the legal team, the proximity to trial, or the economic profile of the claim (i.e. the costs to damages ratio).

Should we require an application fee to be paid, we will advise you of our reasons and will provide you with an invoice in respect of the relevant amount.

If you have any queries about our application fee policy, or would like to discuss whether an application fee is likely to be payable in relation to your case, please contact us on + 1 416 238-6730

Solvency of Insurers

Please note that TheJudge cannot and does not guarantee the solvency or security of the insurers with which it places business.

Disclosure – The Insurance Act 2015

In making this application, you are under a duty to make a "fair presentation" of the risk.

In doing so, you must disclose every material circumstance which you know, or ought to know, or make disclosure which provides the receiving party with sufficient information to put the receiving party on notice that they need to make further enquiries into those material circumstances.

All material facts that are disclosed must be substantially correct and every material representation made in good faith.

If you are not an individual, the scope of what you know or ought to know extends to what is known to individuals who are part of your senior management team, or any parties that are responsible for your insurances.

If you are in any doubt as to whether something constitutes a material fact, you should disclose it.

The funders and insurers which take part in this service will provide indications of terms based upon the information you provide. The funding contract or insurance policy will not be in force until an executed funding agreement or certificate of insurance has been issued. Completion of this form does not mean that funding or insurance is in place.

Failure to comply with your duty to make a fair presentation of the risk can lead to the receiving party avoiding the contract (and retaining any premium), charging a higher premium and treating the contract as having been entered on those terms, or reducing any claim payments proportionally.

If you have any queries about the contents of this proposal form, or wish to discuss your case with a broker prior to submitting the application, please contact us on +1 (416) 238-6730

Once the application form has been completed, please return the same, together with the supporting documentation to ATECanada@TheJudgeGlobal.com

TheJudge Terms of Business

The following Terms of Business set out what you can expect from us and what we expect from you when agreeing to handle your application for legal insurance. This document contains important information. Please read it carefully.

References to "we", "us" and "our" are references to TheJudge Limited. References to "you", "your" and "yours" are references to you and your legal representative. References to "provider" or "providers" are references to both legal expenses insurers and litigation funding companies. References to "litigation" include arbitration or other legal proceedings.

This document supersedes any agreement with us previously in force in relation to this application, with the exception of any Non-Disclosure Agreement or Confidentiality Agreement signed by us. Please contact us immediately if there is anything in these Terms of Business that you do not understand or with which you disagree.

Our Company We conduct business through TheJudge Canada Limited, Business No: 70672 4217. Trading address: 120 Adelaide Street West, Suite 2500, Toronto, ON M5H 1T1. Registered office: 140 King Street West, Suite 210, Toronto ON M5H 3C2.

Our Regulation

TheJudge Canada Limited is authorised and regulated by the Regulated Insurance Brokers of Ontario

TheJudge Limited is regulated and authorised to provide advice on legal expenses insurance products. Where we provide a personal recommendation in relation to your insurance options, we will provide you with a written statement of our understanding of your insurance demands and needs, based upon the information provided before concluding an insurance contract

If we recommend an insurance policy to you, we will confirm why we believe the proposed cover to be suitable in satisfying your insurance requirements. It is important that you tell us if any of the information contained within such a statement is incorrect.

TheJudge is not regulated to, and is not purporting to, provide financial advice when sourcing litigation funding. Therefore, we cannot and do not recommend particular funding products.

Our Relationship with You

We are a broker who will act on your behalf to source litigation insurance (sometimes referred to as After the Event Insurance or ATE insurance) to insure legal expenses incurred in connection with a legal dispute. We can also arrange litigation funding in order to finance legal expenses incurred in connection with a legal dispute.

Our Approach to Market for Litigation Insurance

We will tell you which providers we will be approaching. In order to proceed in a timely fashion, we may proceed to contact providers immediately upon receiving these signed Terms of Business and confirm to you the providers which we have approached thereafter. If you require confirmation of the identity of the providers in advance, please inform us by way of the covering correspondence.

If there are any providers that we have not approached with your application, but that you feel should be considered, please let us know as soon as possible.

We will generally seek to simultaneously introduce the proposal to several providers on your behalf. Whilst we may not approach every provider in the market with your application, we will typically consider what we reasonably believe to be a sufficiently large number of products to be representative of the whole market. However, depending on the application and the prospects of obtaining a viable proposal from the market, we may introduce the application to a single provider initially with several others being approached simultaneously thereafter, if an acceptable offer is not presented.

Our Approach to Market for Litigation Funding

If you require litigation funding, TheJudge will not act as your agent in seeking litigation funding. The Judge is able to source litigation funding from Erso Limited which advises Erso Capital ("Erso"). Erso is a litigation funder and is a 'sister' company of TheJudge. Several Directors of TheJudge own shares and are officeholders in Erso Capital. You will not receive advice or a recommendation from TheJudge regarding the suitability of any offer of litigation funding received from Erso Capital. You are free to approach other litigation funders should you wish to compare terms.

Timescales

In the absence of any specific deadlines or urgency, we would expect to receive initial formal responses from the participating providers within 10 working days of receipt of the application.

Whilst this is our target turnaround time, if the case is particularly complex or requires an unusually high level of capacity, it can take longer for the providers to complete their assessment. If at any stage we believe that the 10 day target is unrealistic, we shall inform you at the earliest opportunity and will provide a more realistic timescale, if possible.

Our Earnings

As your chosen intermediary, we may earn income in a number of ways.

- a) We may charge an application fee at the outset, in order to process the application;
- b) We may earn a commission payment from the selected provider(s); and/or
- We may earn a commission from time to time on additional fees c) charged by providers during the application process. The additional fees may give rise to a conflict of interest between you, us and the provider concerned. We will take care to ensure that such conflicts are properly managed so we can continue to act in your best interests.

You have the right to ask about our remuneration as a result of broking insurance on your behalf.

Your Obligation to Disclose Information

During the application process, you are under a duty to make a "fair presentation" of the risk. In doing so, you must disclose every material circumstance which you know, or ought to know, or disclosure which provides the receiving party with sufficient information to put the receiving party on notice that they need to make further enquiries into those material circumstances.

All material facts that are disclosed must be substantially correct and every material representation made in good faith.

If you are not an individual, the scope of what you know or ought to know extends to what is known to individuals who are part of your senior management team, or any parties that are responsible for your insurances.

If you are in doubt as to whether something constitutes a material fact, you should disclose it. If you fail to disclose a material fact, it may affect how claims are settled under the insurance policy or may render it invalid and/or breach the litigation funding agreement.

Reporting to the provider.

Once an litigation insurance policy is in place, there will be an ongoing obligation to report certain events to the providers and/or obtain the providers' consent prior to undertaking certain steps in the litigation, including but not limited to commencing proceedings or rejecting/making an offer of settlement.

We strongly recommend that you take time to familiarise yourself with the relevant policy/agreement's reporting requirements.

Please ensure that all reporting is made directly to the provider to avoid delav.

Insurance Policies

The relationship between you and an insurer is governed by the insurance policy. It is imperative that you read and fully understand the terms and conditions of the insurance policy and accompanying literature.

Claims under litigation insurance policies

Any claim or circumstances which may give rise to a claim should be notified directly to the insurance company without delay. Failing to comply with claims notification procedures may result in the insurer refusing to admit the claim. The policy terms and conditions will describe the claims notification procedures in detail. If you are unsure about any aspect, please contact us immediately

Non-Circumvention and Non-Disclosure of Quotations

You are entitled to approach, whether directly or by another broker/agency, any provider whom we have not approached on your behalf.

Where we have approached providers in relation to your application, you agree to our exclusive instruction in relation to that provider. You will not approach or instruct any other broker/agency to approach the same provider, or approach that provider directly, without our consent unless our instruction has been terminated in accordance with the termination provisions within this agreement.

You will not disclose information about the offers produced by providers we have approached on your behalf to any third parties without our consent. In some cases, such disclosure may constitute a breach of the provider's own terms and conditions.

Insurer Security

Wherever we broker an insurance policy, we cannot and do not guarantee the solvency of the insurance company or insurance intermediary, nor do we rate, assess or approve financial security. However, we do try to ensure that

Ι

all insurers or insurance intermediaries that we approach are recognised as being reputable providers of litigation insurance.

We use both Canadian and overseas insurers to obtain suitable quotations for our clients. It should be noted that a different legal and regulatory regime may apply to non-Canadian insurers so your ability to enforce your legal rights or seek compensation may vary.

If you have any concerns about the insurers we are approaching to provide cover, please contact us immediately.

Confidentiality

All information about you provided in support of this application will be treated as private and confidential.

Privilege

Arranging litigation insurance will necessarily involve information being provided to us which is subject to litigation privilege and/or legal professional privilege. We will in turn share this information with the providers which we have selected for inclusion in our active search of the market. Whilst this information will be shared with participating providers on the expectation that it will remain privileged from disclosure, we cannot guarantee that this will be tase and therefore if you have any concerns regarding this issue, please contact us.

Please note it is possible for the opponent to successfully apply to the court for disclosure of the litigation insurance policy or litigation funding agreement albeit the courts have demonstrated sensitivity towards ordering disclosure of prejudicial aspects of these documents during live proceedings.

Data Protection

The only personal information about you which we will retain will be that provided by you in the course of seeking insurance and/or funding. If you have any queries, please do not hesitate to contact us.

Termination

This agreement can be terminated by either one of us giving 3 days' written notice to the other.

If an litigation insurance policy and/or litigation funding arrangement has been executed prior to termination of this agreement, we reserve the right to retain any fees, brokerage or entitlement to fees or brokerage which may become payable following termination. All obligations to pay us brokerage on deferred insurance premiums or contingent third party funding success fees in accordance with the "Our Earnings" section of this document will survive the termination of this agreement.

If an insurance policy and/or litigation funding arrangement has not been executed prior to termination of this agreement, but you later execute an insurance policy and/or litigation funding arrangement with a provider that we have approached on your behalf, we reserve the right to charge a reasonable fee for introductory services which might equate to the full brokerage due had this agreement not been terminated.

Complaints

We aim to provide the highest level of customer service possible, at all times. That said, if you wish to make a complaint about our services, we do have a formal complaints procedure. In the first instance, you should contact us directly either in writing or by telephone. If you are contacting us in writing, please address your complaint to:

The Complaints Officer TheJudge Canada Limited 120 Adelaide Street West, Suite 2500, Toronto, Ontario, M5H 1T1

Or, alternatively, you can call us on +1 416 238-6730

If you make a complaint, we will acknowledge it promptly, explain how we will handle your complaint, explain what you need to do (if anything) and update you as to how your complaint is progressing.

If we cannot resolve your complaint straight away, we will acknowledge its receipt promptly and arrange for a senior representative to investigate the matter and provide you with a response.

Limitation of TheJudge Liability

We will not be liable to you for any direct or indirect losses, damages or costs or expenses incurred or suffered by you as a result of or in connection with any service that we provide to you hereunder unless directly caused by or attributable to our negligence, wilful deceit or fraud (or that of our directors, officers or employees).

Our liability for losses caused by our negligence is hereby limited to \$5million. There is no limitation of liability in relation to any losses caused by wilful deceit or fraud (or that of our directors, officers or employees).

Governing Law and Jurisdiction

These Terms of Business and any dispute or claim arising out of or in connection with the same or the subject matter or formation (including non-contractual disputes or claims) shall be governed by and construed in accordance with

Canadian national and provincial law.

The parties irrevocably agree that the courts of Canada, and the courts of the province of the applicants' residence, shall have exclusive jurisdiction to settle any dispute or claim that arises out of or in connection with this agreement or its subject matter or formation (including non-contractual disputes or claims).
